

# ***Vehicle Safety Inspection***

## **TRAINING SUMMARY:**

MATC (under direction of the Utah Department of Public Safety) provides the necessary certification training and testing for individuals performing Vehicle Safety Inspections. A 16 hr standardized curriculum is utilized and includes lecture, laboratory and covers the following subjects:

- Registration & Insurance
- Tires and Wheels
- Steering and Suspension
- Altered Vehicles
- Coupling Devices
- Brakes
- Frame and Body
- Vehicle Glazing
- Lighting Systems
- Exhaust Systems
- Fuel System
- Electrical System
- "Sand"/"Dune" Buggies & Street Rods

There are now three separate Vehicle Safety Inspector Certifications; one for Passenger Vehicles/ Light Trucks, one for Motorcycles, and the other for Heavy Trucks/Trailers/Buses. However, there are only two separate 16 hr courses:

- Passenger Vehicles/Light Trucks/including Motorcycles,
- Heavy Trucks/Trailers/ Busses (NOT available at MATC).

Participants must score 80% or more on the Final Examination and Performance Checklists to achieve competency for the course and receive a certificate. Individuals successfully completing the training will be eligible to apply for their Vehicle Inspection Certification from the Utah Dept. of Public Safety.
